The District assumes no responsibility for lost or stolen passes. Mutilated or lost passes will be replaced upon payment of a \$10.00 service charge and after prior pass purchase has been verified.

Ridership Eligibility Conditions

Students will be eligible to ride upon presentation of a valid bus pass, except when student ridership has been suspended by the Transportation Agency.

Students will be required to present their passes to the bus driver or they will not be allowed to ride the school bus.

Students will be required to comply with rules and regulations regarding pupil transportation as set forth elsewhere in the District and Transportation Agency policies and procedures. Students who loan passes to other students, or use passes that do not belong to them, or attempt to obtain transportation service without paying proper fees may be denied transportation services permanently.

Students who attend a school other than their home school of attendance will not be eligible for transportation services.

Displaying Bus Passes

Students will be required to display their bus passes to the bus driver before boarding at bus stops and school loading zones. Beginning with the fall semester, students must present their bus passes or they will be denied transportation. Bus passes must be presented to the bus driver each time the student boards the bus.

Uninterrupted transportation service can only be maintained if students have in their possession a valid pass and present it to the bus driver as required.

Bus Pass Violation

The following standards of progressive actions regarding abuse/misuse of school bus ridership authorization are established, and are separate from other disciplinary measures.

Using, or attempting to use, an expired pass, loaning, borrowing or altering a pass, using or attempting to use a stolen, found or forged pass:

- A. First Offense: Bus privileges shall be suspended for one week.
- B. Second Offense: Bus privileges shall be suspended for the remainder of the school year.

Possession of any pass, not assigned to the possessor, shall constitute prima facie evidence of improper possession and shall be reason to exercise disciplinary measures as set forth above.

Lost, Stolen or Forgotten Bus Passes: Any student with a valid school ID whose pass is lost or stolen, or who forgets his/her bus pass will be allowed to ride, but will be issued a bus ticket. It will be processed per the Agency progressive discipline policy.

Refunds **will not** be made for reasons stated above.

Emergencies

In the event conditions beyond the control of the district temporarily prevent the district from providing the expected transportation services, the district will have no liability for refund of fees.

Bus and Bus Stop Assignments

Possession of a current pass entitles a student to ride only on the designated bus to and from a designated stop before and after the regular academic day. Passes **will not** be recognized on any bus other than the bus for which the pass was issued. All decisions regarding assignments to buses and stops are at the sole discretion of the Transportation Agency.

Parents are advised that the District does not supervise bus stops and that the District is not responsible for the control and conduct of students at the bus stop. Parents should not neglect their responsibility for supervising their students until their students safely board the bus.
